

PUBLIC NOTICE
AVAILABILITY OF A FINDING OF NO SIGNIFICANT IMPACT (FONSI) FOR
TRI-CITIES AIRPORT, BLOUNTVILLE, TENNESSEE

The Federal Aviation Administration (FAA) announces its issuance of a Finding of No Significant Impact (FONSI) on a Short Form Environmental Assessment (SFEA) prepared by the Tri-Cities Airport (TRI). That finding addresses the following development actions proposed by the Tri-Cities Airport Authority:

- Release Airport property to Tennessee Department of Transportation (TDOT) for the Highway 75 safety enhancement project adjoining the Airport (in order to comply with the FAA's land release criteria)

FAA's FONSI, issued on September 13, 2021, indicates the proposed airport actions are consistent with existing environmental policies and objectives as set forth in the National Environmental Policy Act of 1969 and will not significantly affect the quality of the environment.

A Short Form Environmental Assessment has been prepared and is available for review on the following webpage, under the "Public Documents" tab: triflight.com/about/business-with-tri/. If you are unable to access the website, please contact the Airport to make alternative viewing arrangements.

Tri-Cities Airport
2525 TN-75 Suite 301
Blountville, TN 37617
(423) 325-6000

Copies of the FONSI and the Short Form Environmental Assessment (the background data on which the FONSI is based) are available for public information review until October 20, 2021.
